Enchanted Forest Week 1, June 25-June 29

Crawl like a bug, slither like a snake or soar like a hawk as you wander through our magical woods. Find the animals that live high above and below the ground. You may find they like to play peek- a- boo. Watch how animals disappear right before your eyes. Treasure the forest and all its friends and you'll soon learn all its whispering secrets.

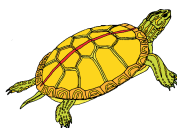

Fish Tales Week 2, July 2-6*

If you're wishing for some fishing, and dreaming of the streams, then wade on in! Join us for a week of aquatic adventures, as we *all* become anglers. Learn to read the stream's riffles and pools, make lures and flies, and discover the wonders of the underwater world.

* Closed Wednesday for holiday. Ask for details.

Swamp Stompers Week 3, July 9-13

Ka-splash!

Make a splash this year during this mucky, muddy, squishy, and slimy week of fun. We'll be knee- deep in streams, springs, ponds, and bogs, catching insects, salamanders, turtles, and frogs. Plus, we'll hang ten in the splash zone and get really wet playing with water balloons, super soakers, and body surfers on our famous "Slip and Slide".

Pirates of the Hollow Week 4, July 16-20

Arrgh, ahoy mateys! Calling all buccaneers! The Blueberry Pirates have seized ye Hollow once more! The seas be rough, so gather ye swashbucklin' gear and set sail for the island paradise of Lime Hollow! There be pirating, scoundreling, pirate plays and our famous TREASURE HUNT.

A Bug's Life Week 5, July 23-27

Don't miss our week of insect insanity with battling dragonflies, singing crickets, and dancing bees. Hop on board this insect safari and observe these creepy, crawly critters under rocks, underground, underwater, and in the air. Investigate the principles of flight while making your own kites, boomerangs, and parachutes.

Lime Olympics Week 6, July 30-August 3

Help carry the torch in our first ever Summer Olympiad! Compete in our own rough and tumble games, navigate through obstacle courses, and team up for fast-paced relays. Learn tips from some of the fastest fliers, longest jumpers, and strongest critters in the world. Delve into the competitive natural world, and observe the adaptations of plants and animals as they fight to survive.

Who's at the Hollow? Week 7, August 6 – 10

Put your thinking caps on, it's time to be a junior detective! Use your eyes, ears and nose to discover the mysteries of the Hollow. Hike the highest mountain, follow the longest creek, get boggled in the bog and track the open fields to solve all your questions. All you need to do is follow the clues.

Animals 'R' Us Week 8, August 13-17

Animals, critters, and creatures, oh my! Join us this week as we turn our attention to anything that moves and breathes! Each day of the week we'll talk about a different group of amazing animals. Campers will "adopt" an animal to observe, study, and care for. For anyone who loves animals, this week is for you!

Into the Outback Week 9, August 20-24

G'day mates! Bring the Australian Outback to life at Lime Hollow. Come make bullroarers, boomerangs, and didgeridoos. Create songlines, mimi houses, and aboriginal art; take a "walkabout," learn about reptiles, marsupials and caretaking at the Hollow. Cool guests will bring us music and regale us with tales from the wild. Parents and family can join us for our week's end corroboree and outback performance!

And for a special treat, we're offering an overnight campout with parents on Thursday night! Ask for details.

Farmtastic! Week 10, August 27 – 31

Old Lime Hollow had a farm, and on our farm we had some charm. Come meet our fun furry and feathery friends. Then buzz with the bees and wiggle with the worms as you learn how a farm works. Later on, step right up and pull some weeds and plant some seeds in the garden. Come on everyone mooove it to this barnyard groove!
